2016 Colorado Science and Engineering Fair Award Winners

Fort Collins, CO (April 8, 2016) – This year’s Colorado Science and Engineering Fair (CSEF) was held April 7 – 9, 2016. 332 projects were on display from students in grades 6 through 12, at the Lory Student Center on the Colorado State University – Fort Collins campus.

This year’s Grand and Special Awards winners were monumental; in fact, over 450 individual awards were presented at the awards ceremony. Attached is the list of winners.

Four Senior Division CSEF Finalists will be traveling to Phoenix, AZ to compete in the Intel International Science and Engineering Fair in May. They are:

1st Place: Isani Singh from Cherry Creek High School for the project *Studying the Effects of a Missing X Chromosome on the Liver*.

2nd Place: Joyce Xu from Fairview High School for the project *Predictive Modeling of Optimal Cancer Therapies*.

3rd Place: Rebecca Bloomfield from Palmer High School for the project *GASP! Growth Advantage in Stationary Phase in *Acinetobacter baylyi**.

4th Place: Trevor Jordan from Animas High School for the project *A Wing of the Future, Part III*.

The CSEF also presented the Lockheed Martin Teacher of the Year Award to Linda Niccoli from Liberty School in Joes, CO.

Special thanks goes to all of the contributors and sponsors of the 2016 CSEF for their financial and in-kind support of Colorado’s future scientists. This year’s top sponsors (\$2,500 or more) included Bayswater Exploration & Production, Colorado State University, Intel Foundation, Northrup Grumman, Black & Veatch, Lockheed Martin, US Department of Commerce/NOAA, Colorado Dental Association, ICAT Managers, & Seagate Technology.

For a complete list of all of the 2016 CSEF participants, sponsors, Colorado's Intel ISEF delegates and other CSEF details, please visit the CSEF website at www.csef.colostate.edu.

The Colorado Science and Engineering Fair (CSEF) is an independent, nonprofit corporation. Thanks to the support of generous corporations, foundations, government agencies, and donors who believe in the importance of science education, the CSEF has served Colorado and its students for 61 years.
